COMPANY PROFILE

ABOUT US

MY Bearing covers most of the automotive, industrial, and agriculture sector. Our selection of products are not only the highest quality, but are also available in a variety of options to ensure you find exactly what you're looking for. The MY Bearing team is ready to provide support and advice to help you with any questions or special requests, and to make the right decisions for your product purchases.

OUR MISSION:

Quality is our commitment which motivates us to strive for the highest possible levels of product performance and customer satisfaction. Since 2019, MY Bearing have been providing premium grade bearing for the Malaysia's aftermarket.
